Member News

Mary Penson reports she and Bill went to K River Campground this past weekend for the WWATS hunt and the North Texas GPAA annual Memorial Day outing. It was great fun, but hot and muggy. We got to fight a few flies and had insect repellent for the mosquitoes, ticks, chiggers and other biting insects. Some of the GPAA members had dredges and a very few gold flakes were found. The Kiamichi River was way down and easy to get into. We didn't take get into water clothes but waded.

The WWATS hunt was a little different. There were six seeded hunt fields and we were able to hunt from 11:00am to 6:00pm on Saturday and from 8:00am to 3:00pm on Sunday. Prizes for tokens were given out after each day of hunting.

Huntmasters Report

By Open Position

The club still needs a huntmaster. As we move into better weather, the need for a huntmaster to organize fun hunts will become more apparent. Here is YOUR chance to help out your fellow club members and to do this job the way you always said it should be done.

Minutes of the April 9 Meeting

By Joseph Harris

The Golden Triangle Explorers Society meeting was called to order.

For those of you planning to attend the Texas Treasure Hunters Convention next year, please note it will be in Conroe, Texas.

There is a TCTC hunt in Brownwood coming up. Try to be there!

Recently the zoo was opening a new facility. The zoo wanted to get all of the metal out of the ground. That way the elephants could live there and not get hurt. So the zoo challenged everyone with a metal detector to come and dig up the metal. A lot of people went and dug up a lot of metal for the Zoo. There was a newspaper article written also. Everyone who went to the zoo was doing a great service. If the zoo continues the search, then here are some of the requirements: you must wear a hardhat, and you must be 18 years or older. There are 16 acres to hunt. Some parts will be hunted and others not.

EDITOR'S NOTE:

The Find of the Month Contest is much more interesting now that all winners are taking a moment after accepting their prizes to describe what the find is, where it was found, etc. No one is expected to "give away" their secret locations but rather to encourage new hunters to search house lots, parks, etc.

The newsletter photo section would be much more interesting if all the winners in the Find of the Month contests would submit their finds to the editor so that pictures could be included in the newsletter.

In the *Garrett Searcher* there was an article about Bill Abbott and his famous silver dollar story. You're a good hunter, Bill. We need you to keep the club's reputation up.

Chuck Howell was on a business trip so Greg Williams (vice president) did something different that turned out great. We had an open discussion on water hunting. It was very interesting to me because I knew nothing about water hunting. It was interesting to others who didn't know very much about water hunting either. Great idea, Mr. Williams. It worked well.

NOTICE: Some members do not have access to the Internet and receive the monthly newsletter via the United States Postal Service. Preparing the newsletter for mailing is a big chore and Larry Cooley will no longer be doing it. Someone needs to step up to either having the paper copies printed or printing them, folding, addressing, and stamping them. Please let any officer of the club know if you are able and willing to do this.
